Professional Experience

UI/UX Designer Intern

March 2026 – April 2026

Error Makes Clever

Chennai, India

- Designed responsive web interfaces using UI/UX principles, improving usability and accessibility
- Redesigned existing websites by optimizing user flows, navigation, and interaction patterns
- Conducted user behavior analysis and UX research to identify pain points and enhance user experience
- Created wireframes and prototypes to support design validation and usability testing

UI/UX & Visual Designer Intern

July 2025 – Dec 2025

ZOHO Corporation

Chennai, India

- Delivered 50+ design projects including website interfaces, landing pages, brand assets, and digital designs.
- Designed landing page revamps and pain-point focused pages to improve user engagement and conversion.
- Created user-centered UI components and layouts following usability principles and strong visual hierarchy.
- Conducted user research and user testing to identify insights and enhance overall user experience.
- Translated product requirements into wireframes, user flows, and interactive prototypes using Figma and Nila.
- Collaborated with developers to ensure accurate implementation of UX designs using HTML/CSS styling.
- Designed promotional assets, digital art, blogs, testimonials, posters, thumbnails, and illustrations aligned with brand strategy.

Projects

TNSTC UX Redesign – UX Redesign Project

Dec 2025 - March 2026

- Redesigned the user experience of a public transportation platform to improve ticket booking and navigation flow
- Identified user pain points through UX analysis, focusing on accessibility, clarity, and ease of use
- Simplified complex booking processes by restructuring user flows and information architecture

Anna University Stucor – Modern UI/UX Redesign

Feb 2023 - June 2023

- Redesigned the Stucor platform with a desktop-first UX, eliminating forced mobile app redirection.
- Conducted user research and surveys with Anna University students to identify usability gaps.
- Developed intuitive user flows and modern UI, improving navigation, clarity, and task efficiency.
- Delivered a seamless, frictionless experience enabling faster access to results, updates, and academic resources.

Certifications

- UI/UX – Great Learning
- Building ChatGPT Messenger – Next.js
- Immersive Experience Design – AR/VR/XR Workshop
